

A message from the Commissioner for Social Inclusion

The disability system in South Australia is broken. It's in real trouble. That's the opinion of the Social Inclusion Board. We've been asked by Premier Mike Rann to bring about change to transform the system. We want to develop a Blueprint for change – a plan of action.

The reputation of the Social Inclusion Board in South Australia is that all our Action Plans bring about major change. So this is not simply something that's going to sit on a shelf. Our Blueprint will mean action.

We're asking you to be a part of this process. We want your ideas, your solutions, your opinions. They are going to be very important for us in the way we put our plan together.

Please be a part of it. We are going to transform the system. We need your help.
